Dear Mr. Miley:

Enclosed is Mississippi Surface Mining Permit (P92-071T), which grants you permission for surface mining operation in Monroe.

The new format of this permit is similar to other permits issued by the Mississippi Department of Environmental Quality and is designed to state the general provisions of the Surface Mining and Reclamation of Land statute (law) and the Mississippi Surface Mining and Reclamation Rules and Regulations (regulations), to list the operator's rights and obligations, and list both general and site-specific conditions of this permit. This permit document does not impose any new conditions that did not previously exist under the law and regulations.

You must place a sign (at least 2 feet by 4 feet) adjacent to the nearest public road, stating:

EP Engineered Clays Corporation, Fowlkes Mine
600 East McDowell Road
Jackson, MS 39204
Surface Mining Permit P92-071T

Sincerely,

A handwritten signature in blue ink, appearing to read "James Matheny".
