MDEQ

PRIME CONTRACTOR CERTIFICATION

LARGE CONSTRUCTION GENERAL PERMIT

Coverage No. MSR10 7092 County _____

(Fill in your Certificate of Coverage Number and County)

By completing and submitting this form to MDEQ, the prime contractor is certifying that (1) they have operational control over the erosion and sediment control specifications (including the ability to make modifications to such specifications) or (2) they have day-to-day operational control of those activities at the site necessary to ensure compliance with the SWPPP and applicable permit conditions.

The owner(s) of the property and the prime contractor associated with regulated construction activity on the property have joint and several responsibility for compliance with the permit. Notwithstanding any permit condition to the contrary, the coverage recipient and any person who causes pollution of waters of the state or places waste in a location where they are likely to cause pollution of any waters of the state shall remain responsible under applicable federal and state laws and regulations and applicable permits.

RE: Neshoba Central High School

Gentlemen,

Please be advised that we are completing our project in 10 days.

A site package was contracted out between the Neshoba County School Board and D&E Construction several months ago to complete all sitework.

This letter is to request that Probity be released from our obligations for maintaining the site, since D&E Construction has mobilized and in process of placing all grading, asphalt, sidewalks, curb & gutter, grassing, etc.

If you have any questions, please feel free to contact me.
