Re: Removal of Asbestos Containing Material  
Rex Brown Plant, Jackson, MS

Dear Mr. Moody:

Pursuant to the verbal notification by Martha Hester on October 16, 2017 at 8:53 am, the Rex Brown performed emergency asbestos removal activities on October 14, 2017. Enclosed is the emergency notification for removal of asbestos containing materials from the Rex Brown Plant. The unit was in a forced outage due to a header leak on Unit # 4. The lagging and asbestos insulation had to be removed to make the repairs. Immediate repairs were needed to return the unit to a reliable status. At the time, the plant did not know the extent of the asbestos removal.

If you should have any questions or need additional information, please call me at 601-969-2316 or Martha Hester at 601-969-2423.

Respectfully Submitted,

A handwritten signature in blue ink that reads "Timothy R. Stone".

Timothy R. Stone  
Environmental Support Manager, MS/TX
