READY-MIX CONCRETE NOTICE OF INTENT (RMCNOI)

FOR COVERAGE UNDER MULTIMEDIA READY-MIX CONCRETE GENERAL NPDES PERMIT MSG11 0326

(NUMBER TO BE ASSIGNED BY STATE)

FILE AT LEAST 30 DAYS PRIOR TO THE COMMENCEMENT OF THE REGULATED INDUSTRIAL ACTIVITY

INSTRUCTIONS

Applicant must be owner or operator (legal entity that controls the facility's operation, rather than the plant/site manager or environmental consultant). The owner or operator that receives coverage is responsible for permit compliance.

Submittals with this RMCNOI must include:

- A Storm Water Pollution Prevention Plan (SWPPP) addressing storm water associated with industrial activity, developed in accordance with the requirements of ACT13 of the General Permit
- A detailed site drawing showing the property layout and indicating the features outlined in ACT4, S-2 of the General Permit
- A United States Geological Survey (USGS) quadrangle map or photocopy, extending at least one-half mile beyond the facility property boundaries with the site location and outfalls outlined or highlighted. The name of the quadrangle map must be shown on all copies. Quadrangle maps can be obtained from the MDEQ, Office of Geology at 601-961-5523
- Plans and specifications for any wastewater treatment facilities necessary to achieve compliance with the requirements of this permit

Additional submittals that may be required with the RMCNOI:

- A Storm Water Pollution Prevention Plan (SWPPP) addressing storm water associated with construction activity, developed in accordance with the requirements of ACT19 of the General Permit.
- Appropriate Section 404 documentation
- If storm water discharges associated with construction activity are proposed, a detailed site drawing showing the property layout and indicating the features outlined in ACT4, S-3 of the General Permit.
- Where previous sampling and analyses have been performed, copies of any existing laboratory data for each process wastewater outfall and each stormwater outfall. If multiple sampling has been performed, provide a summary for each parameter, including sampling dates and the minimum, average and maximum values.

ALL QUESTIONS MUST BE ANSWERED (Answer "NA" if not applicable)

OWNER INFORMATION

IS APPLICANT THE OWNER OPERATOR (Check one or both)

OWNER CONTACT NAME & POSITION: Kyle Taylor

OWNER COMPANY NAME: Taylor Redi-Mix Concrete

OWNER STREET OR P.O. BOX: 28 Taylors Circle

OWNER CITY: Laurel STATE: MS ZIP: 39443

OWNER PHONE NUMBER (INCLUDE AREA CODE): (601) 426-2987

OPERATOR INFORMATION

OPERATOR CONTACT NAME & POSITION: _____
OPERATOR COMPANY: _____
OPERATOR STREET OR P.O. BOX: _____
OPERATOR CITY: _____ STATE: _____ ZIP: _____
OPERATOR PHONE NUMBER (INCLUDE AREA CODE): _____

FACILITY INFORMATION

FACILITY NAME: Taylor Redi-Mix, Laurel Plant
PHYSICAL SITE ADDRESS (IF NOT AVAILABLE INDICATE THE NEAREST NAMED ROAD):
STREET: 28 Taylors Circle CITY: Laurel
COUNTY: Jones ZIP: 39443
NATURE OF BUSINESS (INCLUDE 4 – DIGIT STANDARD INDUSTRIAL CLASSIFICATION CODE (SIC)):
Primary SIC Code: 3273 Secondary SIC Code: _____
LIST ANY OTHER PERMITS NEEDED FOR THIS FACILITY: _____
PLANT PRODUCTION RATE: 100 cubic yards/hr
RECEIVING STREAM: Tallahala Creek

STORMWATER ASSOCIATED WITH INDUSTRIAL ACTIVITY

INDICATE ANY ASSOCIATION OR GENERIC SWPPP: SWPPP will be submitted under separate cover letter.
LIST ANY MATERIAL HANDLING EQUIPMENT, RAW MATERIALS, INTERMEDIATE PRODUCTS, FINAL PRODUCTS, WASTE MATERIALS, BY-PRODUCTS, OR INDUSTRIAL MACHINERY EXPOSED TO STORM WATER (attach additional pages, if necessary): Ready Mix Concrete, Sand, Gravel, Lifting Equipment, Steel

STORMWATER ASSOCIATED WITH CONSTRUCTION ACTIVITY

(To be completed only for activities in which 1 (one) acre or greater will be disturbed)

PRIME CONTRACTOR NAME: _____
PRIME CONTRACTOR COMPANY: _____
PRIME CONTRACTOR STREET OR P.O. BOX: _____
PRIME CONTRACTOR CITY: _____ STATE: _____ ZIP: _____
PRIME CONTRACTOR PHONE NUMBER (INCLUDE AREA CODE): _____
TOTAL ACREAGE THAT WILL BE DISTURBED: _____
ESTIMATED START DATE: _____ ESTIMATED COMPLETION DATE: _____
INDICATE ANY LOCAL ORDINANCE REQUIREMENTS: _____

PROCESS WASTEWATER DISCHARGES

DESCRIBE THE TYPE OF WASTEWATER TREATMENT: Washout Detention Basin desinged not to discharge

PROVIDE THE LATITUDE AND LONGITUDE OF EACH WASTEWATER OUTFALL. (attach additional pages, if necessary):

LATITUDE: 31 degrees 41 minutes 7.5 seconds LONGITUDE: 89 degrees 06 minutes 18 seconds

PROVIDE THE PROPOSED FREQUENCY OF DISCHARGE PER OUTFALL: No Discharge

PROVIDE THE PROPOSED VOLUME OF WASTEWATER DISCHARGED PER OUTFALL. (gal/day): No Discharge

PROVIDE A MATERIAL SAFETY DATA SHEET ON ALL CHEMICALS USED WHICH POTENTIALLY COULD BE FOUND IN THE WASTEWATER: See Attached

AIR EMISSIONS

TYPE OF BATCHING: [X] WET [] DRY [] CENTRAL MIX

WILL WATER SPRAYS BE USED AT THE FOLLOWING LOCATIONS? STOCKPILES: [X] YES [] NO

AGGREGATE BINS: [X] YES [] NO CONVEYOR TRANSFER POINTS: [] YES [] NO

CEMENT SILO INFORMATION: NUMBER OF CEMENT SILOS: 2
LOADING METHOD OF SILO: Truck Air Conveyor
VOLUME OF EACH SILO: 72 cubic yards

FACILITY ROADS WILL BE: [] PAVED [X] WATER SPRINKLED [] OTHER (SPECIFY)

CUBIC YARDS OF RAW MATERIALS INPUT INTO PLANT:
SAND 324 ROCK 324 CEMENT 216

DOES THIS FACILITY UTILIZE ON-SITE ROCK CRUSHERS? [] YES [X] NO

IF YES, ARE THEY: [] PERMANENT [] PORTABLE

NOTE: If this NOI includes the construction of new air emissions sources, the approval to construct will expire if construction does not begin within eighteen (18) months from the date of coverage issuance or if construction begins and is suspended for eighteen (18) months or more.

CERTIFICATION

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Re: Taylor Redi-Mix Concrete

Dear Ms. Rudolph:

I am writing on behalf of Mr. Kyle Taylor, Director, Vice President of Taylor Construction Company, Inc. d/b/a Taylor Redi-Mix Concrete (“Taylor Redi-Mix”). It has come to the attention of Mr. Taylor that the facility located at 28 Taylor’s Circle Laurel, MS 39443, does not have coverage under the MDEQ’s Multimedia Ready-Mix Concrete Facility General Permit, Permit No. MSG11. Mr. Taylor identified this oversight during a recent, self-initiated internal assessment at the facility conducted in anticipation of a change in leadership of the facility in which Mr. Taylor is expected the role of President on January 1, 2018.

The findings of the self-initiated, internal assessment are being disclosed to you promptly, and Mr. Taylor desires to work with you in a collaborative and cooperative manner to obtain an environmental permit for this facility and resolve any prior compliance issues. Information on the status of the facility and its current operations and environmental protection measures are being provided to MDEQ as a result of the voluntary self-evaluation, prepared in good faith pursuant to Miss. Code Ann. § 49-2-2-(f) (2017).

The Taylor Redi-Mix facility is engaged in producing ready mix concrete with raw materials of Portland cement and aggregates of sand and gravel. At this time, Mr. Taylor reports that Taylor Redi-Mix facility has installed pollution control features and equipment required under the Multimedia Ready Mix Concrete General Permit, including a fully self-contained wash-out basin that does not discharge, secondary containment for oil and fuel storage, and air pollution control equipment on both cement silos. The facility’s staff has conducted activities to manage stormwater discharge and air emissions from the facility.

At this time, the facility has established a compliance plan of action with a self-imposed schedule for the required permitting activities. As such, the facility will notify the adjacent property owners, prepare a Stormwater Pollution Prevention Plan (“SWPPP”) and Spill Prevention, Control, and Countermeasure Plan (“SPCC”) in accordance with MDEQ and EPA guidelines, and train staff on necessary environmental inspections and testing. Additional details

about the facility's operations are given in the enclosed Ready-Mix Concrete Notice of Intent. We and Mr. Taylor are available to provide any additional information you may need to complete its permit application and evaluate the current environmental compliance activities at the facility.

In consideration of the fact that the information contained in this letter was discovered as a result of a voluntary self-evaluation and promptly reported to MDEQ, we respectfully request that MDEQ allow for a reduction of the penalty, if any, in the event that one is imposed by the Mississippi Commission on Environmental Quality (the "Commission"). In accordance with Miss. Code Ann. § 49-17-43(g), Mr. Taylor has initiated corrective actions at the facility and pledges to cooperate with the MDEQ and the Commission regarding any investigation of the issues disclosed in this letter. Mr. Taylor believes that the activities conducted at the Taylor Redi-Mix facility have not and will not result in a substantial endangerment threat to the public health, safety, or welfare and the environment.

Again, Mr. Taylor desires to fully cooperate with the MDEQ and Commission and to obtain coverage under the Multimedia Ready Mix Concrete General Permit as soon as practicable. In order to expedite this process, please feel free to contact me or Laura Heusel by telephone at 601-985-4520. My email is Trudy.Fisher@butlersnow.com and Laura's email is Laura.Heusel@butlersnow.com.

Thank you for your time and assistance with this matter.

Sincerely,

BUTLER SNOW LLP

Trudy D. Fisher
