

RE-COVERAGE FORM

MINING STORM WATER, DEWATERING AND NO DISCHARGE GENERAL PERMIT

GENERAL PERMIT: MSR32 1 0 7 5. This coverage number must be completed for the referenced mining activity or this form will be considered incomplete and will be returned. The coverage number can be found at the bottom left corner of your previous Certificate of Coverage. The submittal of this form is required to receive coverage under the reissued Mining Storm Water, Dewatering

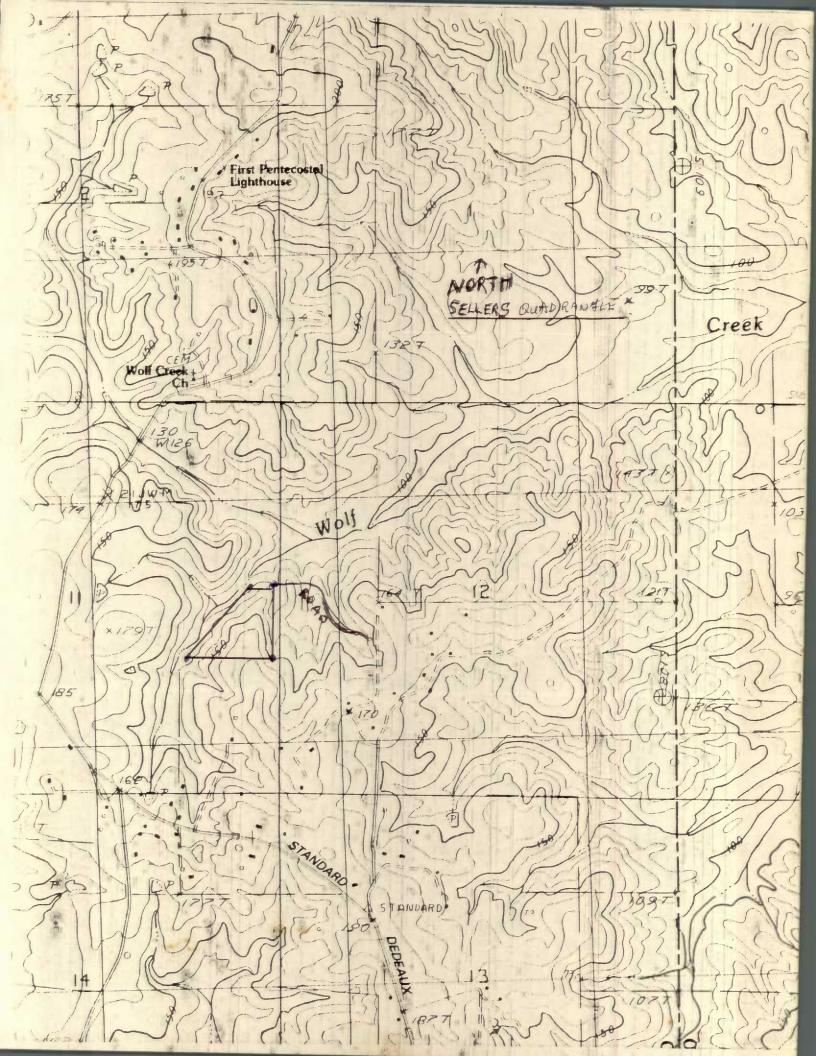

and No Discharge General Permit. This form must be completed and returned to MDEQ at the address printed

at the bottom of this form within 30 days of the date of the Letter of Instruction for Re-Coverage.

Please indicate 41	That action for Re-Coverage.
rease indicate the activities t	to be covered by this Re-Coverage Form (check all that apply).
Storm Water Discharges	Associated to the second content and that apply).
Wastewater Recirculation	on System with No Discharge
The appropriate section of t	his form must be completed if the applicant proposes to operate a wastewa
recirculation system with no d	is form must be completed if the applicant proposes to operate a wastewa ischarge and/or discharge impounded mine water (dewatering).
If the company seeking on	
attach proof of its registration	ge is a corporation, a limited liability company, a partnership, or a business trust with the Mississippi Secretary of State and/or its Certificate of Good Standing.
Mississippi S	n. Coverage will be issued in the company name as it is registered with the
Mississippi Secretary of State.	and company name as it is registered with the
ALL INFORMAT	ION MEET DE CO.
