

PRIME CONTRACTOR CERTIFICATION

By completing and submitting this form to the MDEQ, the prime contractor is certifying that (1) they have operational control over the erosion and sediment control specifications (including the ability to make modifications to such specifications) and (2) have day-to-day operational control of those activities at the site necessary to ensure compliance with the SWPPP and applicable permit conditions. The owner(s) of the property and the prime contractor associated with regulated construction activity on the property have joint and several responsibility for compliance with the permit. Notwithstanding any permit condition to the contrary, the coverage recipient and any person who causes pollution of waters of the State or places waste in a location where they are likely to cause pollution of any waters of the State shall remain responsible under applicable federal and state laws and regulations and applicable permits.
