RE: **Asbestos Survey for Renovation Purpose**
Former Fred's Dollar Store
905 Highway 75 E
Amory Monroe County, MS

Dear Mr. Wells,

Cobb Environmental & Technical Services, Inc. (**CETS**) is pleased to submit the following report of our findings at the referenced site. The asbestos survey and sampling was performed by Mr. Seth Cobb. Laboratory analysis was completed by the National Econ Corporation laboratory in Memphis, Tennessee.

Copies of Mr. Cobb's certification are presented as **Appendix A** to this report.

Introduction

CETS was authorized by Ms. Robert Wells on December 13, 2019 to conduct an asbestos survey of the referenced facility, which is expected to be renovated. In order to accomplish this, the CETS inspector, Mr. Seth Cobb visited the site on December 19, 2019 to collect samples of possible asbestos-containing building materials for laboratory analysis. A brief description of the sampled areas is included in the attached tabulation of analytical results. Representative samples were collected from homogeneous areas and sent via overnight courier to the laboratory.

Summary of Findings

Sixteen samples of building materials were collected from areas where work is expected to take place and submitted for analysis. The mastic on the white vinyl floor tile around the perimeter of the store interior (Sample #2) was found to contain 5% chrysotile. None of the remaining samples taken were found to contain asbestos minerals.

A tabulation and brief description of samples collected with respective analytical results can be found on the next page of this report. A copy of the laboratory report is presented as **Appendix B**. For your convenience a copy of the ***MDEQ NOTICE OF ASBESTOS ABATEMENT AND/OR DEMOLITION*** is included as **Appendix C**.

Sample I.D.	Sample Description / Location	Analytical Results (%) PLM	Type, Notes
1	Gray Floor Tile w/ Mastic. Throughout	ND	Misc.
2	***White Floor Tile with Mastic, Around building Perimeter***	***5***	***Misc.***
3	Faux Wood Flooring with Mastic. Brown/Black, Front Left	ND	Misc.
4	FRP Board, Around Exterior Wall	ND	Misc.
5	Sheetrock, White, Throughout Store	ND	Misc.
6	*Rubber molding with Glue, Black, Throughout Store*	ND	Misc.
7	Concrete Block Mortar, Gray, Exterior Wall	ND	Misc.
8	FRP Board Glue, Yellow, Throughout	ND	Misc.
9	Joint Plaster, White, Throughout	ND	Misc.
10	Ceiling tile, White/Yellow, Smooth, Throughout	ND	Misc.
11	Insulation, Pink, Ceiling	ND	Misc.
12	Ceiling Tile, White/Yellow, Rough, Throughout	ND	Misc.
13	White Powder in Floor, Back of Store	ND	Misc.
14	Sheetrock, Tan/White, Throughout Store	ND	Misc.
15	Foam Under Carpet, Pharmacy, White	ND	Misc.
16	Carpet, Dark Gray, Pharmacy	ND	Misc.

NOTES, ABBREVIATIONS

ND – No asbestos detected
PLM – Polarized Light Microscopy (lab method)
TSI – Thermal System Insulation

Misc. – Miscellaneous, non-TSI, non-coating material

CETS appreciates the opportunity to provide these services. If you have any further questions, comments, or require additional assistance please do not hesitate to contact the undersigned.

Very Truly Yours,
Cobb Environmental & Technical Services, Inc.

Seth Cobb,
Inspector # ABI-00008772
