UST BRANCH APPROVAL

Has a "No Further Action" letter been issued regarding this project by the UST Branch, MDEQ?

☐ Yes or ☒ No (Please check one)

If yes, please attach a copy of the "No Further Action" letter to this form.

If no, please explain why a "No Further Action" letter has not been issued.

See attached explanation

CERTIFICATION

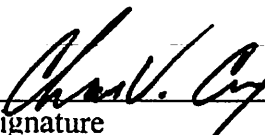

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations. I understand that by submitting this Request for Termination and receiving written confirmation, I will no longer be authorized to discharge remediated groundwater under this general permit. Discharging pollutants to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this Request for Termination does not release an owner or operator from liability for any violations of this permit or the Clean Water Act.

Charles V. Coney

UST Facility I.D. 6211
Former J.D. Herrington Grocery
4133 Sharon Road
Laurel, Jones County, Mississippi

Re: NFA letter has not been issued

This site has been abandoned by the Tank Owner (MDEQ Tank fees have been unpaid for several years), and the tanks at the site have not been Permanently closed, so the site cannot be put back into Compliance with the MDEQ UST Compliance & Enforcement group. As a result, the site will not be able to be issued a NFA at any time in the foreseeable future. The site has been remediated, the remediation system has been removed, and all monitoring wells and groundwater recovery wells have been plugged and abandoned. If you have any questions regarding this, please contact Dan Harper, Supervisor – UST Technical Services II, (601) 961-5354.
