MAJOR MODIFICATION FORM

LARGE CONSTRUCTION STORM WATER GENERAL NPDES PERMIT MSR10

14 2010

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality of plans to expand the "footprint" of an existing project or add subsequent phases. This form and a modified Storm Water Pollution Prevention Plan (SWPPP), including COE Section 404, dam safety, and wastewater collection and treatment information, must be submitted when:

- SWPPP details have been developed and are ready for MDEQ review for subsequent phases of an existing, covered project.
- The "footprint" identified in the original Notice of Intent and SWPPP is proposed to be enlarged.

This form must be signed by the original coverage recipient under Mississippi's Large Construction Storm Water General Permit. A different developer of new phases of existing projects must apply for separate permit coverage. Coverage recipients are authorized to discharge storm water associated with proposed expansions of existing projects or subsequent phases, under the conditions of the General Permit, only upon receipt of written notification of approval by the MDEQ. All other modifications, such as changes of erosion and sediment controls used, must be in accordance with ACT 7, S-1 (4) of Mississippi's Large Construction Storm Water General Permit.
