# PRIME CONTRACTOR CERTIFICATION

Dept. of Environmental Quality

The prime contractor, if different from original applicant, will take responsibility for permit compliance by filing this certification prior to the commencement of construction. This certification is unnecessary when the prime contractor has already completed, signed, and submitted pages 1, 2, 3 and 4 of the CNOI. By completing and submitting this certification to MDEQ, the prime contractor accepts full responsibility for permit compliance and meeting all permit conditions. Otherwise the initial applicant (applicant who filed pages 1, 2, 3 and 4 of the CNOI) is solely responsible for permit compliance. Notwithstanding any permit condition to the contrary, the coverage recipient and any person who causes pollution of waters of the state or places waste in a location where they are likely to cause pollution of any waters of the state shall remain responsible under applicable federal and state laws and regulations, and applicable permits.
