ENVIRONMENTAL QUALITY

INSTRUCTIONS

Dept. of Environmental Quality

Coverage recipients shall notify the Mississippi Department of Environmental Quality of plans to expand the acreage or "footprint" of an existing hot mix asphalt facility, waive the siting criteria of an existing operation, or construct a new air emissions source. This form must be submitted when any of the following activities is/are being proposed (check all that apply). Copies of the signed Return-Receipts and Contiguous Landowner Notification Forms shall accompany this Major Modification Form in accordance with ACT4, S-7 of the General Permit.

- ☐ "Footprint" identified in the original HMANOI is proposed to be enlarged (a modified SWPPP and an updated USGS topographic map must be submitted).
- ☐ Applicant requests waiver of facility siting criteria prescribed in ACT5 of the General Permit.
- ☒ Applicant intends to construct new air emissions source(s)

This form must be signed by the current coverage recipient under Mississippi's Hot Mix Asphalt General Permit. A different operator must have general permit coverage transferred prior to coverage being modified. Coverage recipients are authorized to implement the proposed modifications, under the conditions of the General Permit, only upon receipt of written notification of approval by the MDEQ.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
