FOR COVERAGE UNDER MISSISSIPPI'S REISSUED
BASELINE GENERAL PERMIT MSR00
GENERAL NPDES COVERAGE NO. MSR00 2 0 1 0

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Baseline General Permit. This form must be completed and returned to the address printed at the bottom of page 2 within 45 days of the date of the Letter of Instruction for Re-Coverage.

The signatory of this form must be the owner or operator who is the current coverage recipient (i.e., not the environmental consultant). The coverage recipient is responsible for permit compliance.

Re-submittal of the Storm Water Pollution Prevention Plan (SWPPP) is not required, even if amendments must be added to meet new permit conditions. However, amendments to the SWPPP must be submitted with the "Re-Coverage Form" if there has been a change in design, construction, operation, or maintenance of the facility, which may increase the discharge of pollutants to waters of the State or the SWPPP proves to be ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Baseline Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

Re: ***Baseline Storm Water General Permit Re-Coverage Form***

Ref. No. MSR002010
Columbus, Mississippi
Lowndes County

Dear Mr. Wilson:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ) dated November 24, 2015, we understand that the Baseline Storm Water General Permit for Industrial Activities (MSR00) was reissued on November 17, 2015. Johnston Tombigbee Furniture Company (JTB) is enclosing a completed *Baseline Storm Water General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Please note that we intend to update JTB's Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit. Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (228) 872-2528 or Judy Griffith of JTB at (662) 328-1685 ext. 251.

Sincerely,

Joseph Bookout
