HYDROSTATIC TEST GENERAL PERMIT RE-COVERAGE FORM

COVERAGE NUMBER: MSG13 0329. This coverage number must be completed for your specific project or this form will be considered incomplete and returned. The coverage number can be found at the bottom left corner of your previous Certificate of Coverage or in the subject heading of the Letter of Instruction for Re-coverage.

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Hydrostatic Test General Permit. This form must be completed and returned to the MDEQ at the address printed at the bottom of the back page of this form within 45 days of the date of the Letter of Instruction for Re-coverage.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the project manager or environmental consultant). The coverage recipient is responsible for permit compliance.

IF REGULATED LAND DISTURBING ACTIVITIES ARE TO OCCUR, LIST ACRES DISTURBED: _____
NOTE: If disturbing five (5) acres or more, a stormwater construction coverage is required.

If the company seeking permit coverage is a corporation, a limited liability company, a partnership, or a business trust, then attach proof of its registration with the Mississippi Secretary of State and/or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of this submittal. Coverage will be issued to the company name as it is registered with the Mississippi Secretary of State.

If the project is complete, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Hydrostatic Test Forms Package. Projects that continue to discharge hydrostatic test water without applicable permit coverage are in violation of state law. This Re-Coverage Form is not required to be submitted if the coverage recipient is submitting a request for termination of coverage.

ALL INFORMATION MUST BE COMPLETED (Enter "NA" if not applicable).

Re: **Hydrostatic Test General Permit Re-Coverage Form**
American Tank & Vessel, Inc.
Ref. No. MSG130329
Metal and Metal Fabricators Branch
Lucedale, Mississippi
George County

Pursuant to your letter of instruction, we understand that the Hydrostatic Test General Permit (HTGP – MSG13) was reissued on March 21, 2017. American Tank & Vessel, Inc. (AT&V) is enclosing a completed *Hydrostatic Test General Permit Re-Coverage Form*, as well as a certificate of good standing from the Mississippi Secretary of State's website. After reviewing the reissued General Permit, we are aware that coverage is intended for facilities with "sporadic" discharges of hydrostatic test water to waters of the state from new or used pipelines, storage tanks, flowlines, etc., used for transportation or storage of natural gas, crude oil, or liquid or gaseous petroleum hydrocarbons, or other substances which would adequately be detected by the effluent limitations in this permit. It is our understanding that AT&V operations meet these eligibility requirements and, therefore, should be granted coverage under the reissued General Permit. AT&V's discharges are sporadic in nature, as they have historically occurred no more than 2 times per month. All hydrostatic test water discharges to an onsite retention pond which rarely discharges offsite (i.e., typically twice per reporting period or less).

Hydrostatic testing is dependent upon the number of tanks manufactured during a given reporting period and occurs upon completion of each tank to identify any areas of incontinence before being transported to customers commonly within the oil and gas industry where storage of natural gas, crude oil, and/or other petroleum products take place. Since the General Permit specifically includes new storage tanks, we do not believe there will be pollutants introduced that were not contemplated during the development and reissuance of the General Permit. If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Howard Sigrest of AT&V at (601) 947-7210.

Sincerely,

Joseph Bookout
Project Manager
