RE: Kennedy Farms, Phase 1 & 2
City of Brandon, Rankin County, MS
Benchmark Project No.: B-7611

Dear Mrs. Bass,

Previously we submitted an LCNOL and SWPPP that covered clearing, grubbing, and earthwork for the entire Kennedy Farms development located on Kennedy Farm Parkway in Brandon. We are now prepared to move forward with utility construction for Phases 1 and 2 as well as additional grading which includes a retention pond that serves the entire development.

Included in this submittal is the Major Modification form, revised SWPPP, and erosion control layout and details. I have included a full-size sheet of the erosion control layout to assist in reviewing the plan. We are not proposing to disturb any additional acreage.

Thanks for your assistance with this project, if you need any additional information, contact me at 601-506-7935. Thanks.

Sincerely,

Jeff Bagley, E.I.

**MAJOR MODIFICATION FORM
FOR LARGE CONSTRUCTION GENERAL PERMIT**
Coverage No. MSR10 8 1 3 6 County Rankin

MISSISSIPPI DEPARTMENT OF
ENVIRONMENTAL QUALITY

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality at least 30 days in advance of the following activities (check all that apply). This form should be submitted with a modified Storm Water Pollution Prevention Plan (SWPPP), updated USGS topographic map, Corps of Engineers Section 404 documentation and wastewater collection and treatment information, as appropriate.

- ☒ SWPPP details have been developed and are ready for MDEQ review for subsequent phases of an existing, covered project.
- ☐ "Footprint" identified in the original LCNOI is proposed to be enlarged.

This form must be signed by the current coverage recipient under Mississippi's Large Construction General Permit. A different developer of new phases of existing subdivisions must apply for separate permit coverage through the submittal of a new complete LCNOI package. Coverage recipients are authorized to discharge storm water associated with proposed expansions of existing subdivisions or subsequent phases, under the conditions of the General Permit, only upon receipt of written notification of approval by MDEQ. All other modifications, such as changes of erosion and sediment controls used, must be in accordance with ACT6, S-1 (6) and S-2 (7) of the General Permit.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
