RE: Request for Outfall Removal
Georgia-Pacific WFS LLC
Wet Deck Permit MSG170006
Leaf River Remote Woodyard; Perry County, New Augusta, Mississippi

Dear Mr. McIntyre:

Georgia-Pacific WFS LLC requests the removal of the outfall identified below be made to the Wet Deck Recirculating permit at the Leaf River Remote Woodyard facility.

| Outfall 002 | Degrees | Minutes | Seconds |
|-------------|---------|---------|---------|
| Latitude | 31 | 13 | 30 |
| Longitude | 89 | 1 | 36 |

In review of this site, it has been determined that the outfall mentioned above does not discharge from our site. In heavy rain occurrences, this outfall will backflow onto our property from the Leaf River. We propose removing this Outfall culvert to prevent backflow of the river onto our site. This was also discussed with Tyler McIntyre with MS DEQ during our May 27, 2020 compliance inspection.

If you have any questions or need additional information, please feel free to contact Jaclyn Ireland at JIreland@gapac.com or (386) 937-3410.

Thank you for your assistance in this matter.

Sincerely,

Rand Mathews
Region Manager, Environmental
