Dear Ms. Rudolph:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ) dated December 29, 2020, we understand that the general permit that authorizes the discharge of storm water associated with industrial activity has been reissued. The Industrial Stormwater General Permit for Industrial Activities (MSR00) was reissued on December 10, 2020, and replaces the previously titled Baseline Stormwater General Permit. Choctaw Generation Limited Partnership, Red Hills Generation Facility (Choctaw Generation) is enclosing a completed *Industrial Stormwater General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Also enclosed is the facility's updated Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Jim Ward of Choctaw Generation at (662) 387-5758.

Sincerely,
