DOCUMENTATION OF COMPLIANCE WITH OTHER REGULATIONS/REQUIREMENTS

Coverage under this general permit will not be granted until all other required MDEQ permits and approvals are addressed.

WILL THE CONSTRUCTION OR OPERATION OF THIS MINE INVOLVE THE RE-ROUTING, FILLING OR CROSSING OF A WATER					
CONVEYANCE OF ANY KIND? YES NO					
If yes, contact the U.S. Army Corps of Engineers' Regulatory Branch for permitting requirements. If the mine requires a Corps of Engineers Section 404 permit, provide appropriate documentation with this MNOI that:  The mine has been approved by individual permit, or					
<ul> <li>The work will be covered by a nationwide permit and NO NOTIFICATION to the Corps is required, or</li> <li>The work will be covered by a nationwide or general permit and NOTIFICATION to the Corps is required.</li> </ul>					
LIST ANY NPDES PERMIT NO(5). N/A	GEOLOGY APPLICATION/PERMIT NO. Exempt Operation				
LIST OTHER GEOLOGY PERMIT NUMBER	IS THAT APPLY TO COVERAGE AREA N/A				
IS THE MINE LESS THAN 4 ACRES AND GI	REATER THAN 1320 FEET FROM ANOTHER MINE?				
YES A "Notice of Exempt Operations" Form must be included with the MNOI or proof of prior submission, if previously submitted to the Office of Geology.					
NO A "Notice of Intent to Mine Class I or Class II Materials" Form must be filed before coverage will be granted under the Mining General Permit. For information on Office of Geology requirements, call 601-961-5515.					
LIST ANY LOCAL STORM WATER ORDINA	INCES WITH WHICH THE OPERATIONS MUST COMPLY AND SUBMIT ANY				
ASSOCIATED APPROVAL DOCUMENTATI	on. N/A				
IF IMPOUNDMENTS WILL BE CONSTRUCTED ABOVE NATURAL SURFACE ELEVATIONS, INDICATE WHICH, IF ANY, OF THE FOLLOWING APPLY.					
The impoundment will be constructed with a peripheral dam or levee 8 feet or greater in height, measured from the lowest elevation of its toe.					
The impoundment will have a maximum	storage volume greater than 25 acre-feet.				
The impoundment will impound a watercourse with a continuous flow.					
The impoundment has the potential to threaten downstream lives or man-made structures.					
If <u>any</u> of the impoundments meet any of the above criteria, the applicant will be required to obtain written authorization from MDEQ, Dam Safety Division before coverage will be granted under the Mining General Permit.					
I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

## MINING NOTICE OF INTENT (MNOI) FOR COVERAGE UNDER MINING STORM WATER, DEWATERING AND NO DISCHARGE

(Number to be assigned by State)			
File at least 30 days prior to the commencement of mining; 15 days if a Storm Water Pollution Prevention Plan (SWPPP) is already on file and mine dewatering is <u>not</u> proposed. Lateral expansion of an existing mine that has general permit coverage requires the submittal of the Major Modification Form, not a new MNOI. However, modification of the existing SWPPP to include the expansion is required. <u>Discharge of storm water or impounded water associated with mining or the operation of a wastewater recirculation system with no discharge without written notification of coverage from MDEQ is a violation of State Law.</u>			
If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and/or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.			
Please indicate the activities to be covered by this MNOI (check all that apply).			
Storm Water Discharges Associated with Mining  Mine Dewatering			
Wastewater Recirculation System with No Discharge			
The appropriate section of the MNOI must be completed if the applicant proposes to discharge storm water, discharge impounded mine water (dewatering) and/or operate a wastewater recirculation system with no discharge.			
A site-specific Storm Water Pollution Prevention Plan (SWPPP) developed in accordance with ACT5 of the General Permit and a United States Geological Survey (USGS) quadrangle map or photocopy, indicating the site location and outfalls must be included with the MNOI submittal. The name of the quadrangle map must be shown on all copies. Quadrangle maps can be obtained from the MDEQ, Office of Geology at 601-961-5523. Additional submittals may include the following (check all that apply).			
Section 404 Documentation  Notice of Exempt Operations Form			
Dam/Reservoir Safety Permit or Written Authorization			
ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
