FOR COVERAGE UNDER MISSISSIPPI'S REISSUED  
INDUSTRIAL STORMWATER GENERAL PERMIT MSR00

## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Ms. Bass:

Attached for your review is the completed Notice of Intent and re-coverage form for the Southern Import Specialist, Inc. (SIS) located in Pearl, MS under the Industrial Stormwater General Permit for Industrial Activities reissued on December 10, 2020. SIS was unaware of the reissuance of the baseline permit, due to never receiving communication that action was due or required on our part. Our Stormwater Pollution Prevention Plan is currently being updated to include the additional requirements for automotive salvage related activities and we will provide that document to you upon request.

Thank you for your assistance and please call Pat Edgens with FC&E Engineering at 601-824-1860, if you have any questions or need additional information.

Sincerely,

Abe Nemati,  
Owner, Southern Import Specialist, Inc.
