Closure Plan
Ready-Mix Concrete General NPDES Permit No. MSG110016
MMC Materials Inc, Yazoo City

1. Plant and material handling equipment will be taken down and removed from the site by December 15, 2021.
2. All significant raw materials have been used in the production of ready-mix concrete. Any remaining gravel, limestone and sand will be used to repair the facility driveway.
3. There are no stored chemicals, solid and liquid waste or residues on the property that could be associated with storm water discharges.
4. Wash-out pits will be demolished to surface elevation and backfilled to promote positive drainage.
5. Any concrete, steel, or construction material debris will be recycled or disposed of at an MDEQ permitted landfill.
6. Final stabilization to the site will be accomplished by site grading and the use of hay wattles, silt fences, and/or revegetation, if needed to prevent any erosion or run-off.
