RE: APAC-Mississippi, Inc.
Modification to Greenville, MS Asphalt Plant
Permit # MSR700052

Dear Ms. Pilgrim,

APAC-Mississippi, Inc. was recently awarded a MDOT contract on the Greenville Bypass in Washington County, MS. This contract requires that a percentage of the asphalt mix be a Stone Matrix Asphalt (SMA) mixture which is a more durable mix that resist rutting. This SMA allows more stone-on-stone contact which requires a higher asphalt binder and mineral filler (fly ash) content along with the use of cellulose fibers. The mineral filler and cellulose fiber fill the voids between the stone-on-stone contact and keeps the asphalt binder in place. The use of these materials will require a modification of the above referenced asphalt plant.

The additional mineral filler (fly ash) will be introduced into the plant by use of a portable silo similar to the existing hydrated lime silo at the plant. The fly ash will be transported by enclosed auger and enter the mixing chamber at the same location as the baghouse fines. This fly ash silo does contain a separate baghouse.

Enclosed you will find the HMANOI and Change Request Forms along with the required public notice and contiguous landowner notification information. Also, you will find a specification sheet that details the components of the fly ash silo that will be installed.

If you need any additional information or have questions related to this request, you may call me at (601)-376-4000.

Sincerely,

APAC-Mississippi, Inc.

Brian Moore
Environmental Manager

ASPHALT PLANT INFORMATION

Type of Asphalt Plant: Batch Drum Maximum Asphalt Production Rate: 350 tons/hr
(Maximum production rate should be based on the manufacturer's maximum rated plant capacity, on an hourly basis.)Manufactured Date of Asphalt Plant: 1997 Date plant was last relocated: N/A
(If a New Plant, enter "N/A" for manufactured date, date of last relocation, date of testing, etc.)Date of Most Recent Particulate Matter (PM) Stack Test on Asphalt Plant: 4/21/2022Is the Asphalt Plant currently at the site? YES NO If No, what date was it removed? _____ N/AAsphalt Dryer Rated Capacity: 120 MMBtu/hrDryer Fuels Used: Natural Gas LPG Fuel Oil On-Spec Used Oil Bio-derived Liquid
(Mark all applicable fuels which may be burned.)

ROCK / RECYCLED ASPHALT PAVEMENT (RAP) CRUSHER INFORMATION

Do you own or operate a rock or RAP crusher at the site? YES NO
(If YES, complete the remainder of this section. If only a third party will own/operate a rock/RAP crusher at your site, mark NO. The third party is responsible for obtaining any necessary air permits to operate the rock crusher.)Will crushed material be provided to a plant other than the co-located HMA plant? YES NO

ROCK / RECYCLED ASPHALT PAVEMENT (RAP) CRUSHER INFORMATION (continued)

Crusher Type & Rated Cumulative Capacity: Fixed: 30-40 tons/hr Portable: _____ tons/hr
 Date Rock/RAP Crusher Manufactured: 1997
 Date of modification/reconstruction of Rock/RAP Crusher: _____ N/A
 Is Rock/RAP Crusher controlled by a baghouse or fabric filter? YES NO
 Date of most recent Particulate Matter (PM) stack test on Rock/RAP Crusher: _____ or N/A
 Date of most recent Opacity (Method 9) Evaluation on Crusher and Transfer Points: 4/21/2022 or N/A

OTHER AIR EMISSION SOURCES

Will you operate stationary emergency engines or "nonroad engines" subject to ACT3 Condition L-7 or L-8 of the HMAGP? YES NO (If YES, complete the section below for each engine)
 (Note that stationary non-emergency engines are not allowed under this General Permit.)
 Number of emergency engines: _____ Number of nonroad engines: _____
 Type: Stationary Nonroad Fuel: _____ hp Mfd. Date: _____
 Type: Stationary Nonroad Fuel: _____ hp Mfd. Date: _____
 Type: Stationary Nonroad Fuel: _____ hp Mfd. Date: _____
 Will you operate a "gasoline dispensing facility" (see ACT6 of HMAGP for definition)? YES NO

STORMWATER FROM INDUSTRIAL AND CONSTRUCTION ACTIVITIES

Nearest named waterbody which stormwater leaving the site will enter: Lake Ferguson
 Is a copy of the SWPPP attached? YES NO If no, last Revision Date: 1/10/2024
 (A copy of the SWPPP must be attached for a New HMA plant.)
 If the SWPPP is based on the Industry Generic SWPPP, is it the most recent copy? YES NO N/A
 Does the SWPPP meet the requirements of ACT4 of the HMAGP? YES NO
 (If NO, an amended SWPPP must be submitted before the NOI can be processed.)
 Are construction activities (e.g., clearing, grading, etc.) required or ongoing at the site? YES NO
 If YES, does the total acreage of the construction activities equal or exceed 5.0 acres? YES NO

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

I further certify that the project continues as described in the original notice of intent. Also, I certify that I understand when coverage is terminated I am no longer authorized to emit regulated air emissions and discharge wastewater or storm water associated with industrial activity under this general permit. I understand that discharging pollutants associated with industrial activity to waters of the state without NPDES coverage is in violation of state law.

CHANGE REQUEST FORM

HOT MIX ASPHALT GENERAL PERMIT (HMAGP)

COVERAGE NUMBER MSR70 0 0 5 2

Instructions: For the following changes, notification must be provided to the DEQ at least 30 days prior to the change:

- **Part A – Any planned changes in facility operations, including removal of the hot mix plant or rock/RAP crusher, that may affect air emissions and/or water discharges.**
- **Part B – Any planned changes of ownership.**
- **Part C – Any changes in information previously submitted in the NOI or Recoverage Form.**

Complete each Part of the Form, marking "N/A" if the section does not apply to the change requested.

Company Name: APAC-Mississippi, Inc. Facility Name: APAC-Mississippi, Inc.- Greenville Asphalt Plant
 Facility Street Address: 2559 Harbor Front Road City: Greenville County: Washington
 Contact Person: Brian Moore Phone No.: 601-376-4000 Email: brian.moore@apac.com
 Mailing Address: P.O. Box 24508 City: Jackson State: MS Zip: 39225

PART A – CHANGE TO FACILITY OPERATIONS YES N/A

1. Is the change a Major Modification (defined in ACT 6, Condition T-15)? YES NO
 - a. If yes to 1, have you completed the public notice requirements in ACT 2, Condition S-3? (See Public Notice Instructions for more information.) YES NO
 - b. If yes to 1, have you notified the contiguous landowners per ACT 2, Condition S-2? YES NO
2. Will the change result in additional outfalls? YES NO
 - a. If yes to 2, is a revised SWPPP attached? YES NO
3. Does the change result in removal of the hot mix asphalt plant or rock/RAP crusher? YES NO
 - a. If yes to 3, indicate equipment being removed: _____

For all changes to facility operations, update the most recent version of the NOI or Recoverage Form, as needed, and attach it to this Form. Changes should also be outlined in a cover letter accompanying this form.

PART B – CHANGE OF OWNERSHIP YES N/A

Is the Request for Transfer Form complete and attached? YES NO

PART C – CHANGE OF INFORMATION PREVIOUSLY SUBMITTED YES N/A

Is the revised NOI or Recoverage Form attached reflecting any changes? YES NO

The most recent NOI or Recoverage Form should be revised and completed in its entirety, with any updates made as needed to reflect changes to the facility. Changes should also be outlined in a cover letter accompanying this form.

"I certify under penalty of law that this report is true, accurate, and complete, to the best of my knowledge and belief."

Hello,

I called earlier today to see if I would be able to post the attached public notice in the Delta Democrat Times. I was told to send the public notice to this email. If you would, can you please send me a proof of publication when the notice is printed on the 6th.

Also, please let me know how you would like to receive payment for this post.

Thanks,

Colin Agostinelli

Hot Mix Asphalt General Permit Public Notice
Mississippi Environmental Quality Permit Board
P. O. Box 2261 | Jackson, MS 39225
515 East Amite St. | Jackson, MS 39201
Telephone No. (601) 961-5171

Public Notice Start Date: 3/6/2024

APAC-Mississippi, Inc.- Greenville Asphalt Plant, located at 2559 Harbor Front Rd. in Greenville Washington County, Mississippi, (601)-376-4000 has applied to the Mississippi Department of Environmental Quality (MDEQ) for modification under MDEQ's Hot Mix Asphalt General Permit (MSR700052) to construct a fly ash storage silo as part of the existing asphalt facility.

The Hot Mix Asphalt General Permit has been developed to ensure compliance with all State and Federal regulations. Facilities granted coverage under this permit and adhering to the conditions contained therein should operate within State and Federal environmental laws and standards concerning the construction and operation of air emissions equipment and the discharge of storm water associated with industrial activities.

The proposed project consists of a major modification to the Hot Mix Asphalt facility as indicated in the Change Request Form. Under the General Permit, all Hot Mix Asphalt facilities must control emissions of particulate matter from the dryer and related silos and comply with other limitations regarding asphalt production, fuels combusted, and rock/RAP crusher operation. With these limitations, potential emissions will be below the Prevention of Significant Deterioration major source thresholds specified in the Mississippi Regulations for the Prevention of Significant Deterioration of Air Quality, 11 Miss. Admin. Code Pt. 2, Ch. 5. Potential emissions will also be below the Air Title V major source thresholds as specified in 11 Miss. Admin. Code Pt. 2, Ch. 6.

Persons wishing to comment upon or object to the proposed request for coverage are invited to submit comments in writing to the **Air 2 Branch Manager, Environmental Permits Division** at the Permit Board's address shown above or via email at www.mdeq.ms.gov/whitlock-jaricus no later than 30 days from the public notice start date. The deadline for comment shall be extending to the following calendar day should the 30-day period end on a weekend or State holiday. All comments received or postmarked by this date will be considered in the determination regarding coverage approval. After receipt of public comments and thorough consideration of all comments, MDEQ will formulate its recommendations regarding coverage approval.

Additional details about the proposed project are available by writing or calling the **Air 2 Branch Manager, Environmental Permits Division** at the above Permit Board address and telephone number. A copy of the Notice of Intent or Change Request Form and public notice are also available on the MDEQ's website at: <https://opcgis.deq.state.ms.us/ensearchonline/recently-received-general-permit-noi.aspx>. A copy of the Hot Mix Asphalt General Permit is available at www.mdeq.ms.gov/hmagp. This information is also available for review during normal business hours at the office of the MDEQ at the Permit Board address shown above. Please bring the foregoing to the attention of persons whom you know will be interested.

PORTABLE SELF ERECTING 750 BBL FILLER SILO
as per the following specifications:

1 DA-750 750 BBL Dry (Flyash) Additive System

The 750 bbl dry additive silo is designed for use with drum mix plants and can be used to store numerous additives such as hydrated lime, mineral filler, baghouse fines, granulated rubber, and others. Features include a 4" diameter fill line, loading receiver, 4" weatherproof vent, an 18" inspection port and high-low bin indicators. The silo spool is constructed with 3/16", A-36 steel, and the cone is constructed with 1/4" thick, A-36 steel plate. The cone has a 10" round discharge opening with manual shut-off valve to interrupt material flow. The 60° cone and a 2 HP aeration blower system contribute to excellent material flow from the bin. The blower package includes blower, 2 HP 1800 RPM motor, v-belt drive, filter silencer, pressure relief valve, canvas boot, eight (8) aerators, and 3/8" aerator tubing. The blower with drive is factory mounted on a small steel frame base. The silo is 11'-8" diameter.

Includes

- 1 OF.03 Ladder with harness and handrails atop silo
- 1 OF.05 Self-erect portability (Portable frame with running gear)
- 1 OF.07 Jet vent baghouse: 24 bag vent
- 1 OF.12 Mass flow weighing system (over 200 TPH)
- 1 OF.13SP 14" diameter x 24' dust auger
- 1 EO.04 PM- Electrical in power panel, cables
- 1 EO.05 Jet vent baghouse electrical
- 1 EO.10A PM 24' Dust auger electrical in power center, cables
- 1 EO.16A PM Mass flow electrical in power center, cables

Note:

The weighpot will be 50 cu ft. and the airlock will be 14" with a VFD drive. Cables are included from the Astec panel to the new components. The customer is responsible for incoming power and control wiring to our panel.

Net Price, FCA Astec, Inc. Factory:

\$202,000.00

Contiguous Landowner Notification of a Hot Mix Asphalt Facility

(See ACT 2, Condition S-2 of General Permit for Notification Requirements)

Certified Mail No.: 7022 0410 0001 7205 4959

Date mailed: 02-26-2024

Company Name: APAC- Mississippi, Inc.
(as registered with the MS Secretary of State)

Coverage No.: MSR70 0 0 5 2
(if currently permitted facility)

located at 2559 Harbor Front Road, Greenville, Washington County, MS
Physical Street Address City County

is proposing to:

- construct and operate a new hot mix asphalt facility.
- modify the existing hot mix asphalt facility resulting in an increase to the potential hourly asphalt production rate or rock/RAP crushing rate. *Add Fly Ash Storage Silo to existing Hot Mix Asphalt Facility for the Greenville Bypass Project*
- expand the footprint of an existing hot mix asphalt facility.
- relocate a hot mix asphalt plant or rock/RAP crusher to the existing permitted site.

This letter is to provide you notification of the proposed project and to provide you an opportunity to comment regarding environmental concerns about the project. The Mississippi Department of Environmental Quality (MDEQ) only has legal authority to consider environmental issues specified in the applicable laws and regulations. MDEQ does not have legal authority to consider matters outside of its jurisdiction; thus, comments regarding zoning, noise or traffic impacts, or other non-environmental related comments should be directed to the local zoning and planning authorities.

If you do not have environmental comments regarding the proposed project, then no response is necessary, and the permitting process will continue. If you have environmental-related comments regarding the proposed project, please notify MDEQ in writing within 30 days from the postmarked date of this notification or by the end of the 30-day public comment period, whichever is later. The online public notice of the project can be found at the following link: <https://opcgis.deq.state.ms.us/ensearchonline/recently-received-general-permit-noi.aspx>. When making written comments, please reference the Company Name and location using the information above and provide your contact phone number and address. If you would like to discuss concerns that you have regarding this project, please feel free to contact MDEQ at (601) 961-5171. Comments are to be mailed to the following address:

Chief, Environmental Permits Division
Mississippi Department of Environmental Quality

Contiguous Landowner Notification of a Hot Mix Asphalt Facility

(See ACT 2, Condition S-2 of General Permit for Notification Requirements)

Certified Mail No.: 7022 0410 0001 7205 4935

Date mailed: 02-26-2024

Company Name: APAC- Mississippi, Inc.
(as registered with the MS Secretary of State)

Coverage No.: MSR70 0 0 5 2
(if currently permitted facility)

located at 2559 Harbor Front Road, Greenville, Washington County, MS
Physical Street Address City County

is proposing to:

- construct and operate a new hot mix asphalt facility.
- modify the existing hot mix asphalt facility resulting in an increase to the potential hourly asphalt production rate or rock/RAP crushing rate. *Add Fly Ash Storage Silo to existing Hot Mix Asphalt Facility for the Greenville Bypass Project*
- expand the footprint of an existing hot mix asphalt facility.
- relocate a hot mix asphalt plant or rock/RAP crusher to the existing permitted site.

This letter is to provide you notification of the proposed project and to provide you an opportunity to comment regarding environmental concerns about the project. The Mississippi Department of Environmental Quality (MDEQ) only has legal authority to consider environmental issues specified in the applicable laws and regulations. MDEQ does not have legal authority to consider matters outside of its jurisdiction; thus, comments regarding zoning, noise or traffic impacts, or other non-environmental related comments should be directed to the local zoning and planning authorities.

If you do not have environmental comments regarding the proposed project, then no response is necessary, and the permitting process will continue. If you have environmental-related comments regarding the proposed project, please notify MDEQ in writing within 30 days from the postmarked date of this notification or by the end of the 30-day public comment period, whichever is later. The online public notice of the project can be found at the following link: <https://opcgis.deq.state.ms.us/ensearchonline/recently-received-general-permit-noi.aspx>. When making written comments, please reference the Company Name and location using the information above and provide your contact phone number and address. If you would like to discuss concerns that you have regarding this project, please feel free to contact MDEQ at (601) 961-5171. Comments are to be mailed to the following address:
