**MAJOR MODIFICATION FORM
FOR HOT MIX ASPHALT
GENERAL PERMIT MSR70**

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality of plans to expand the acreage or "footprint" of an existing hot mix asphalt facility, waive the siting criteria of an existing operation, or construct a new air emissions source. This form must be submitted when any of the following activities is/are being proposed (check all that apply). Copies of the signed Return-Receipts and Contiguous Landowner Notification Forms shall accompany this Major Modification Form in accordance with ACT4, S-7 of the General Permit.

- ☐ "Footprint" identified in the original HMANOI is proposed to be enlarged (a modified SWPPP and an updated USGS topographic map must be submitted).
- ☐ Applicant requests waiver of facility siting criteria prescribed in ACT5 of the General Permit.
- ☒ Applicant intends to construct new air emissions source(s)

This form must be signed by the current coverage recipient under Mississippi's Hot Mix Asphalt General Permit. A different operator must have general permit coverage transferred prior to coverage being modified. Coverage recipients are authorized to implement the proposed modifications, under the conditions of the General Permit, only upon receipt of written notification of approval by the MDEQ.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)

NOTIFICATION OF CONSTRUCTION / MODIFICATION OF AIR EMISSIONS SOURCES

INSTRUCTIONS

In accordance with ACT6 (New Source Performance Standards) of the Hot Mix Asphalt General Permit, notifications shall be submitted to MDEQ regarding the start and end dates of the construction of new air emissions sources or the modification of existing air emissions sources.

Part A of this form shall be used to notify MDEQ of the start of construction or modification, which is due within 15 days of the start of construction or modification.

Part B of this form shall be used to notify MDEQ of the end of construction or modification, which is due within 30 days of the end of construction or modification.

For short duration projects, the coverage recipient may complete both Parts A and B on a single submittal, so long as the 15-day construction start notification and the 30-day end of construction notification deadlines can be met.
