FOR COVERAGE UNDER MISSISSIPPI'S REISSUED  
MULTIMEDIA READY-MIX CONCRETE GENERAL PERMIT MSG11  
GENERAL NPDES COVERAGE NO. MSG11 0258

### INSTRUCTIONS

The submittal of this form is required to receive coverage under the Ready-Mix Concrete Multimedia General Permit. This form must be completed and returned to the address printed at the bottom of page 2 within 90 days of the date of the Letter of Instruction for Re-Coverage.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

The applicant must be the owner or operator (legal entity that controls the facility's operation, rather than the plant/site manager or environmental consultant). The owner or operator that receives coverage is responsible for permit compliance.

If the facility is out of business or no longer active, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Ready-Mix Concrete Forms Package. Facilities that continue to discharge wastewater and/or operate air emission equipment without applicable permit coverage are in violation of state law.

This recorage form is not required to be submitted if the facility is submitting a request for termination of coverage.
