Approval is hereby granted for the Class 1 modification to the referenced Hazardous Waste Permit as requested in your letter dated March 3, 2014. This modification will change the frequency of MHWMR Part 264 Appendix IX monitoring required, expand the monitoring parameter list to include additional compounds that may be present, and update the Groundwater Sampling and Analysis plan to reflect these changes. Please include the revised pages into your Hazardous Waste permit. Also, as required for a Class 1 Modification, notice of this modification must be sent to all persons on the facility mailing list and the appropriate units of State and Local government within 90 days of this approval. A copy of this mailing list is attached for your use. Please provide documentation of this notification once it is completed.

This modification is issued in accordance with the provisions of the Mississippi Solid Waste Disposal Act of 1974 (Sections 17-17-1, et seq., Mississippi Code of 1972). Any appeal of these permit actions must be made within the 30-day period provided for in Section 49-17-29(4)(b) Mississippi Code of 1972.
