II. DRY LITTER POULTRY FEEDING OPERATION CHARACTERISTICS

A. TYPE AND AMOUNT OF CHICKENS

For Existing Facilities:

Has the facility changed the number of houses or animal type (ie. broilers or layers)?

No Yes – Identify Changes: _____

For New Facilities:

Check type and indicate amount

Broiler (SIC 0251): _____ Pullet/Breeder (0252): 60,000, ⁵⁰

B. CONTRACT INFORMATION

Is this facility a contract operation? No Yes- Integrator Name: Mar Jac

C. TYPE OF DRY LITTER STORAGE AND CAPACITY

For Existing Facilities:

Has the facility changed the litter storage type or the capacity?

No Yes – Identify Changes: _____

For New Facilities:

List type of dry litter storage and capacity (tons): Dry STACK 200 TONS

D. NUTRIENT MANAGEMENT PLAN

If you do not have a current Comprehensive Nutrient Management Plan then one must be submitted, if your CNMP is current then complete the dates below:

Development Date: Apr 2020 Expiration Date: Mar 2025

The comprehensive nutrient management plan (CNMP) identified above expires five years from the date it was developed and an updated nutrient management plan must be submitted to MDEQ prior to its expiration date.

1. The purpose of this document is to provide a comprehensive overview of the current status of the project and to identify the key areas that require attention. It is intended for the use of senior management and other stakeholders who are involved in the project's strategic direction.

2. The project has made significant progress since the last report, with several key milestones being achieved. However, there are still a number of challenges that need to be addressed in order to ensure the project is completed on time and within budget.

3. The following table provides a summary of the project's performance over the last quarter. It shows that while overall progress is positive, there are some areas where performance has fallen short of expectations.

4. In order to address these challenges, it is recommended that the project team focus on the following key areas: improving communication, enhancing resource allocation, and strengthening risk management. These actions are essential for ensuring the project's long-term success.

5. The project team is committed to working closely with all stakeholders to address these challenges and to ensure that the project remains on track. Regular communication and reporting will be maintained to keep everyone informed of the project's progress and any changes to the plan.

6. The project is currently on track to meet its key milestones and to deliver the expected results. However, it is important to remain vigilant and to continue to monitor the project's performance closely to ensure that any potential issues are identified and resolved as early as possible.

7. The project team is confident that with the support of senior management and other stakeholders, the project will be completed successfully and will deliver the expected benefits to the organization.

8. The project team is grateful for the support and guidance provided by all stakeholders and looks forward to continuing to work together to achieve the project's goals.

9. The project team is committed to maintaining the highest standards of integrity and transparency throughout the project's lifecycle. All actions will be taken to ensure that the project is managed in a fair and equitable manner.

10. The project team is confident that the project will be completed successfully and will deliver the expected benefits to the organization.

11. The project team is committed to maintaining the highest standards of integrity and transparency throughout the project's lifecycle. All actions will be taken to ensure that the project is managed in a fair and equitable manner.

III. CONSTRUCTION AND/OR OPERATION OF A POULTRY MORTALITY INCINERATOR

No, there is no poultry mortality incineration equipment located at the facility. If at a future date you wish to construct and/or operate poultry mortality incineration equipment, you must submit an updated DLPNOI by completing Sections IA, III and IV. Constructing and operating poultry mortality incineration equipment without a modified coverage or issuance of individual permits is a violation of state law.

Yes, there is mortality incineration equipment located at the facility. Complete section below:

MORTALITY INCINERATION EQUIPMENT

For Existing Facilities:

Has the facility changed the number or type of incinerators, or the fuel type burned?

No Yes – Identify Changes: _____

For New Facilities:

Manufacturer Name: Districter Model Number: SERIAL 44412
J83-DSLP

Capacity (tons/hour): _____ Fuel Type: BUTANE

IV. CERTIFICATION

Note: This NOI shall be signed according to Conditions T-17 and T-18 found in ACT 6 of the Dry Litter Poultry Animal Feeding Operations Multimedia General Pollution Control Permit No. MSG20.

- For a corporation, by a responsible corporate officer.
- For a partnership, by a general partner.
- For a sole proprietorship, by the proprietor.

I understand that my nutrient management plan identified Section II. D. expires five years from the date it was developed and that an updated nutrient management plan must be submitted to MDEQ prior to its expiration date.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

I further certify that the project continues as described in the original notice of intent. Also, I certify that I understand when coverage is terminated I am no longer authorized to operate activities identified under this general permit and to do so without proper permit coverage is in violation of state law.
