## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Re: **Baseline Storm Water General Permit Re-Coverage Form**  
Big M Transportation  
Ref. No. MSR002115  
Blue Mountain, Mississippi  
Tippah County

Dear Ms. Bass:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ) dated December 29, 2020, we understand that the Industrial Storm Water General Permit for Industrial Activities (MSR00) was reissued on December 10, 2020. Big M Transportation (Big M) is enclosing a completed *Industrial Storm Water General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Per the instructions provided for re-coverage, we understand that re-submittal of the Storm Water Pollution Prevention Plan (SWPPP) is not required as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Travis Ralph of Big M at (662) 815-5000.

Sincerely,

Caleb James  
Project Manager
