INDUSTRIAL STORMWATER GENERAL PERMIT RE-COVERAGE FORM

FOR COVERAGE UNDER MISSISSIPPI'S REISSUED
INDUSTRIAL STORMWATER GENERAL PERMIT MSR00
GENERAL NPDES COVERAGE NO. MSR00 2091 __ __

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

ALL INFORMATION MUST BE COMPLETED (Enter "NA" if not applicable).

Dear Mrs. Rudolph:

Please find enclosed the completed Baseline Re-Coverage forms for the five (5) Caterpillar facilities referenced above. These forms are notice that Caterpillar wishes to be covered under the recently reissued Industrial Stormwater General Permit. Our current Storm Water Pollution Prevention Plans (SWPPP) are being evaluated. If significant modifications are necessary due to facility changes, the updated SWPPP will be transmitted to MDEQ when completed.

If you have any questions or require additional information concerning this matter, please contact me at (662) 720-2423 or Charles Cook of FC&E Engineering at (601) 824-1860.

Sincerely,

Wendy Hammock
