INDUSTRIAL STORMWATER GENERAL PERMIT RE-COVERAGE FORM

FOR COVERAGE UNDER MISSISSIPPI'S REISSUED
INDUSTRIAL STORMWATER GENERAL PERMIT MSR00
GENERAL NPDES COVERAGE NO. MSR00 0 6 6 5

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

ALL INFORMATION MUST BE COMPLETED (Enter "NA" if not applicable).

COVERAGE RECIPIENT INFORMATION

IS A REVISED COPY OF THE SWPPP ATTACHED? YES NO

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

I further certify that I understand when coverage is terminated the facility is no longer authorized to discharge storm water associated with industrial activity under this general permit. I understand that discharging pollutants in storm water associated with industrial activity to waters of the state without NPDES coverage is in violation of state law.

Jackson, Mississippi 39225

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making and strategic planning.

3. The third part of the document focuses on the role of technology in modern data management. It discusses how advanced software solutions can streamline data collection, storage, and analysis, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data security and privacy. It provides insights into best practices for protecting sensitive information and ensuring compliance with relevant regulations and standards.

5. The fifth part of the document explores the integration of data with other organizational systems. It discusses how data can be leveraged to enhance collaboration and communication across different departments and teams, leading to improved overall performance.

6. The sixth part of the document discusses the importance of data literacy and training. It emphasizes that all employees should have a basic understanding of data and its applications to make informed decisions and contribute effectively to the organization's success.

7. The seventh part of the document provides a summary of the key findings and recommendations. It reiterates the importance of a data-driven approach and offers practical steps for implementing the discussed strategies and best practices.

8. The eighth part of the document includes a conclusion that reinforces the overall message of the document. It states that a strong data management strategy is crucial for long-term organizational growth and success in a competitive market.

9. The ninth part of the document contains a list of references and sources used in the document. This section provides a clear path for readers who wish to explore the topics discussed in more detail or verify the information presented.

10. The final part of the document is a closing statement that expresses the authors' hope that the document will be a valuable resource for all stakeholders involved in data management and organizational improvement.
