INDUSTRIAL STORMWATER GENERAL PERMIT MSR00  
GENERAL NPDES COVERAGE NO. MSR00 1 8 3 5

RECEIVED  
MAR 8 2021  
MDEQ

## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

**ALL INFORMATION MUST BE COMPLETED** (Enter "NA" if not applicable).

Re: **Industrial Storm Water General Permit Re-Coverage Form**  
Future Foam, Inc.  
Coverage No. MSR001835  
Tupelo, Mississippi  
Lee County

Dear Ms. Rudolph:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ), we understand that the general permit that authorizes the discharge of storm water associated with industrial activity has been reissued. The Industrial Stormwater General Permit for Industrial Activities (MSR00) was reissued on December 10, 2020 and replaces the previously titled Baseline Stormwater General Permit. Future Foam, Inc. (Future Foam) is enclosing a completed *Industrial Stormwater General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Please note that we have updated the facility's Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit. Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Kathy Aycock of Future Foam at (662) 791-4083.

Sincerely,

Jody Lindsey  
Senior Project Manager
