INDUSTRIAL STORMWATER GENERAL PERMIT MSR00

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

RE: Mississippi Power Company, Plant Jack Watson
NPDES MSR000393

Mississippi Power (MPC) requests re-coverage of Plant Watson under the Industrial Stormwater General Permit (ISGP) No. MSR000393 in accordance with your letter of instruction dated December 29, 2020. Please find attached the re-coverage form as well as an updated copy of the Storm Water Pollution Prevention Plan (SWPPP).

An updated SWPPP is being provided to update MDEQ with the most recent copy. The SWPPP has been modified to reflect the changes in the reissued ISGP, and does not include any changes in design, construction, operation, or maintenance of the facility which would increase the discharge of pollutants to waters of the state and require an amendment as detailed in ACT 9:S-1 (4). Additional updates to the SWPPP include:

- Updated table 2.2 to remove tanks that have been emptied and decommissioned
- Updated table 2.3 to remove pollutants that are no longer on site

If you have any questions or require further information, please contact Meagan Ellis at (228) 897-6402.

Sincerely,

A handwritten signature in blue ink that reads "P.A. Smith".
