Dear Mr. Hinton:

Re: Cooperative Energy, a Mississippi Electric Cooperative, R D
Morrow Sr Generating Plant
Lamar County
Hydrostatic Test General NPDES. No. MSG130579

Enclosed is a Certificate of Coverage granting the above referenced facility or project coverage under Mississippi's Hydrostatic Test NPDES General Permit. This coverage allows the discharge of hydrostatic test water. The above referenced project or facility must be in compliance with requirements of the general permit, of which a copy is enclosed. Please note the limitations, schedules of compliance, monitoring requirements, monitoring reporting dates, and termination requirements found in the permit.

Hydrostatic test water monitoring results shall be summarized and reported on a Discharge Monitoring Reports (DMR). DMRs shall be submitted electronically using the MDEQ NetDMR system. It is very important to terminate coverage after testing is complete. The Hydrostatic Forms package has a form that should be copied and used for weekly inspections.

This permit coverage is issued in accordance with the provisions of the Mississippi Air and Water Pollution Control Law (Sections 49-17-1, et seq., Mississippi code of 1972), and the regulations and standards adopted and promulgated thereunder and under the authority granted to the Mississippi Environmental Quality Permit Board pursuant to Section 402(b) of the Federal Water Pollution Control Act. Any appeal of this action must be made within the 30-day period provided for in Section 49-17-29(4)(b) Mississippi code of 1972.

Sincerely,

A handwritten signature in blue ink that reads "Thomas Kelly".
