

INDUSTRIAL STORMWATER GENERAL PERMIT RE-COVERAGE FORM

FOR COVERAGE UNDER MISSISSIPPI'S REISSUED
INDUSTRIAL STORMWATER GENERAL PERMIT MSR00
GENERAL NPDES COVERAGE NO. MSR00 2 1 2 8

INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

ALL INFORMATION MUST BE COMPLETED (Enter "NA" if not applicable).

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

I further certify that I understand when coverage is terminated the facility is no longer authorized to discharge storm water associated with industrial activity under this general permit. I understand that discharging pollutants in storm water associated with industrial activity to waters of the state without NPDES coverage is in violation of state law.

RE: MSR002128 and MSR002136 Re-Coverage Forms

Dear Chief,

Please see the enclosed Industrial Stormwater General Permit Re-Coverage Form for our sites at: 323 Leggett Dr Richland, MS 39218 and 150 George T Thompson Dr Tupelo, MS 38801.

I wanted to explain how Southeastern Freight Lines Inc is addressing the deficiencies in Mississippi so you have an understanding of our process going forward. I was hired as the Environmental Compliance Manager for Southeastern a couple of months ago and have been evaluating all of our sites throughout our territory. There have been areas of concern and as such, I have hired consulting firms to conduct site visits at all of our facilities in order to update SWPPPs and SPCCs as needed. Our consultant will be in Mississippi next month, however, I emailed Ms. Becky Williams, CPM (Chief, Water II Branch) to see if she could give me some direction. She stated it would be better for us to submit the Re-Coverage prior to the site visit, and should we need to update the SWPPP, submit that at a later date.

Please let me know if you need any additional information at this time.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan Yates", is written over a large, light-colored scribble or watermark.

Susan Yates
