**XII. ABATEMENT**

A certified supervisor is required for each abatement project and shall be onsite during all work site preparation and during the post-abatement cleanup and clearance of work areas. At all other times when abatement activities are being conducted, the certified supervisor shall be onsite or available by telephone, pager, or answering service, and able to be present at the work site in no more than 2 hours.

**XIII. RENOVATION**

A certified renovator is required for each renovation project and shall be physically present when the required signs are posted, while the required work area containment is being established, and while required work area cleaning is performed. The certified renovator must regularly direct work being performed by other individuals and must be available either onsite or by telephone at all times renovations are being conducted.

**XIV. CERTIFICATION OF ACCURACY**

I certify that all of the above information is correct.
