LARGE CONSTRUCTION NOTICE OF INTENT (LCNOI) FOR COVERAGE UNDER THE LARGE CONSTRUCTION STORM WATER GENERAL NPDES PERMIT

INSTRUCTIONS

The Large Construction Notice of Intent (LCNOI) is for coverage under the Large Construction General Permit for land disturbing activities of five (5) acres or greater; or for land disturbing activities, which are part of a larger common plan of development or sale that are initially less than five (5) acres but will ultimately disturb five (5) or more acres. Applicant must be the owner or operator. For construction activities, the operator is typically the prime contractor. The owner(s) of the property and the prime contractor associated with regulated construction activity on the property have joint and severable responsibility for compliance with the Large Construction Storm Water General Permit MSR10.

If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and/or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.

Completed LCNOIs should be filed at least thirty (30) days prior to the commencement of construction. Discharge of storm water from large construction activities without written notification of coverage is a violation of state law.

Submittals with this LCNOI must include:

- A site-specific Storm Water Pollution Prevention Plan (SWPPP) developed in accordance with ACT5 of the General Permit
- A detailed site-specific scaled drawing showing the property layout and the features outlined in ACT5 of the General Permit
- A United States Geological Survey (USGS) quadrangle map or photocopy, extending at least one-half mile beyond the facility property boundaries with the site location and outfalls outlined or highlighted. The name of the quadrangle map must be shown on all copies. Quadrangle maps can be obtained from the MDEQ, Office of Geology at 601-961-5523.

Additional submittals may include the following, if applicable:

- Appropriate Section 404 documentation from U.S. Army Corps of Engineers
- Appropriate documentation concerning future disposal of sanitary sewage and sewage collection system construction
- Appropriate documentation from the MDEQ Office of Land & Water concerning dam construction and low flow requirements
- Approval from County Utility Authority in Hancock, Harrison, Jackson, Pearl River and Stone Counties
- Antidegradation report for disturbance within Waters of the State

ALL QUESTIONS MUST BE ANSWERED (Answer "NA" if the question is not applicable)

FOR THE COMMISSION ON THE ORGANIZATION OF THE FEDERAL COURTS
AND THE FEDERAL JUDICIAL SYSTEM
REPORT

CHAPTER I

The Commission on the Organization of the Federal Courts and the Federal Judicial System was organized on July 1, 1961, by Executive Order of President John F. Kennedy. The Commission was directed to study the organization and administration of the Federal Courts and the Federal Judicial System and to report to the President and the Congress on or before July 1, 1963. The Commission has the honor to submit to the President and the Congress this report on the organization and administration of the Federal Courts and the Federal Judicial System.

The Commission's study was based on a comprehensive review of the organization and administration of the Federal Courts and the Federal Judicial System. The Commission held numerous public hearings and received many suggestions from judges, lawyers, and laymen. The Commission also conducted extensive research into the various problems and issues involved in the organization and administration of the Federal Courts and the Federal Judicial System.

The Commission's report is organized into four main parts. Part I, which is the subject of this report, deals with the organization and administration of the Federal Courts and the Federal Judicial System. Part II deals with the organization and administration of the Federal Appellate Courts. Part III deals with the organization and administration of the Federal District Courts. Part IV deals with the organization and administration of the Federal Magistrate Courts.

The Commission believes that the organization and administration of the Federal Courts and the Federal Judicial System can be improved in many ways. The Commission's recommendations are based on a number of principles. First, the Commission believes that the Federal Courts and the Federal Judicial System should be organized in a way that is most efficient and economical. Second, the Commission believes that the Federal Courts and the Federal Judicial System should be organized in a way that is most accessible to the public. Third, the Commission believes that the Federal Courts and the Federal Judicial System should be organized in a way that is most responsive to the needs of the Nation.

The Commission's recommendations are set forth in detail in the following chapters. Chapter I deals with the organization and administration of the Federal Courts and the Federal Judicial System. Chapter II deals with the organization and administration of the Federal Appellate Courts. Chapter III deals with the organization and administration of the Federal District Courts. Chapter IV deals with the organization and administration of the Federal Magistrate Courts.

The Commission believes that the implementation of its recommendations will result in a more efficient, economical, accessible, and responsive Federal Courts and Federal Judicial System. The Commission urges the President and the Congress to take prompt action to implement the Commission's recommendations.
