Removal of Asbestos from Chevron (Cracking II 62 Plant)

To whom it may concern,

Please find attached the notification form for the removal of approximately **1800 square feet** of asbestos containing insulation from vessel C-6250 in the 62 plant. Removal is required to perform visual CUI Inspection.

The removal of asbestos from this area is projected to start on **7/29/2024** and be completed by **10/4/2024** by Brock Services LLC, a certified asbestos company.

If you have any questions or comments regarding this notification, please call me at 228-934-4731

Sincerely,

Erin Spencer, MSPH, CIH ●●
