MAJOR MODIFICATION FORM  
FOR READY-MIX CONCRETE  
GENERAL PERMIT MSG11

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality of plans to expand the acreage or "footprint" of an existing ready-mix concrete facility or waive the siting criteria of an existing operation. This form must be submitted when one or both of the following activities is/are being proposed (check all that apply). Copies of the signed Return-Receipts and Contiguous Landowner Notification Forms shall accompany this Major Modification Form in accordance with ACT4, S-8 of the General Permit.

- ☐ "Footprint" identified in the original RMCNOI is proposed to be enlarged (a modified SWPPP and an updated USGS topographic map must be submitted).
- ☐ Applicant requests waiver of facility siting criteria prescribed in ACTs 5 or 9 of the General Permit.
- ☒ Applicant intends to construct new air emissions source(s)

This form must be signed by the original coverage recipient under Mississippi's Ready-Mix Concrete General Permit. A different operator must have general permit coverage transferred prior to coverage being modified. Coverage recipients are authorized to implement the proposed modifications, under the conditions of the General Permit, only upon receipt of written notification of approval by the MDEQ.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
