- For a corporation, by a responsible corporate officer.
- For a partnership, by a general partner.
- For a sole proprietorship, by the proprietor.

I understand that my nutrient management plan identified Section II. D. expires five years from the date it was developed and that an updated nutrient management plan must be submitted to MDEQ prior to its expiration date.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

I further certify that the project continues as described in the original notice of intent. Also, I certify that I understand when coverage is terminated I am no longer authorized to operate activities identified under this general permit and to do so without proper permit coverage is in violation of state law.

Contiguous Landowner Notification of a Dry Litter Poultry Animal Feeding Operation Facility

(See ACT 2, Condition S-2)

CERTIFIED MAIL NO.: _____

Date mailed: _____

Big Rig Poultry, LLC. - James Cody Rigdon

Company Name as Identified by MDEQ (please print)

Coverage No. (if currently permitted)

located at **2337 Polk-Farrar Rd. Macon**

Physical Street Address, City

MS **Noxubee**

State County

is proposing to construct and operate a Dry Litter Poultry Animal Feeding Operation (to construct and operate poultry/chicken house(s)). This poultry facility has 0 existing house(s); the applicant proposes to build 4 new house(s). If permitted, the operation of the poultry house(s) will involve the management of dry animal waste and may involve the operation of an incinerator. The operation shall **NOT** have a discharge of process wastewater or contaminated stormwater. The Natural Resource Conservation Service (NRCS) will develop a Comprehensive Nutrient Management Plan (CNMP) to address the management of the animal waste. The CNMP will become an enforceable part of the permit along with other conditions which will allow the facility to operate within all state and federal environmental laws and regulations. The permit can be found at the following link: <https://www.mdeq.ms.gov/dlpgp/>

This letter is to provide you notification of the proposed project and to provide you an opportunity to comment regarding environmental concerns about the project. MDEQ only has legal authority to consider environmental issues specified in the applicable laws and regulations. MDEQ does not have legal authority to consider matters outside of its jurisdiction; thus, comments regarding zoning or other non-environmental related comments should be directed to the local zoning and planning authorities.

If you do not have environmental comments regarding the proposed project, then no response is necessary and the permitting process will continue. If you have environmental comments regarding the proposed project, please notify MDEQ in writing within thirty (30) days from the postmarked date of this notification or by the end of the MDEQ 10-day online notification period, whichever is later. The online notification of the project can be found at the following link: <https://www.mdeq.ms.gov/ensearch/general-permit-notice-of-intents>. When making written comment, please reference the proposed project using the information above and provide your contact phone number and address. If you would like to request records or discuss concerns that you have regarding this project, please feel free to contact MDEQ at (601) 961- 5171. Comments are to be mailed to the following address:
