## READY-MIX CONCRETE RECOVERY FORM

CURRENT COVERAGE NO.: MSG11 0 3 4 4

(Coverage number is located at the bottom left corner of your previous Certificate of Coverage)

Company Name: Lexington Concrete and Block Co. Inc. Facility Name: Byhalia Plant

Contact Name and Position: Jason McNeel President/Owner

Contact Area Code and Phone Number: ( 662 ) 834 - 2418 Contact Email: jmcneel@cantonconcrete.com

Primary SIC Code: ( 3273 ) Primary NAICS Code (6-digit): ( 327320 )

Physical Site Address - Street: 125 Stonewall Rd

City: Byhalia State: Ms Zip: 38611 County: Desoto

Mailing Address - Street: 304A Yazoo St.

City: Lexington State: Ms Zip: 39095

Plant Maximum Production Rate: 90 cubic yards/hr

(Maximum production rate must be based on the manufacturer's maximum rated plant capacity on an hourly basis. If this number exceeds 150 cubic yards per hour, the facility will be considered a Synthetic Minor (SM) operating source. SM sources must publish a notice in the local newspaper and provide proof of publication with this form.)

Will you own or operate a rock crusher at the site? ☐ Yes ☒ No

If a third party will own/operate a rock crusher at your site, mark "No." The third party is responsible for obtaining any necessary air permits to operate the rock crusher.

Rock Crusher Type / Rated Cumulative Capacity: ☐ Fixed: \_\_\_\_\_ tons/hr ☐ Portable: \_\_\_\_\_ tons/hr ☐ N/A

Will you operate stationary fuel burning equipment (e.g., engines, heaters, etc.) at the site? ☐ Yes\* ☒ No

\*If you marked "Yes" complete and submit the attached Fuel Burning Equipment Form & Compliance Plan.

Nearest Named Waterbody Which Storm Water Leaving the Site Will Enter: Byhalia Creek

Is a Copy of the SWPPP at the Permitted Site? ☐ YES ☒ NO SWPPP Date: May 2022

If the SWPPP is Based on the Industry Generic SWPPP, is it the Most Recent Copy? ☐ YES ☒ NO

Does the SWPPP Meet the Requirements Listed in ACT 5 of the RMCGP? ☐ YES ☒ NO\*

\*If No then Please Attach an Amended SWPPP.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

I further certify that the project continues as described in the original notice of intent. Also, I certify that I understand when coverage is terminated I am no longer authorized to emit regulated air emissions and discharge wastewater or storm water associated with industrial activity under this general permit. I understand that discharging pollutants associated with industrial activity to waters of the state without NPDES coverage is in violation of state law.

Jason McNeel  
Authorized Signature (shall be signed according to ACT 6, T-13 of the GP)

**FUEL BURNING EQUIPMENT FORM & COMPLIANCE PLAN****CURRENT COVERAGE NO.: MSG11 0 3 4 4**

(Coverage number is located at the bottom left corner of your previous Certificate of Coverage)

**FUEL BURNING EQUIPMENT LIST**

List all stationary fuel burning equipment used at the facility. **Do not include** mobile fuel burning equipment (e.g., trucks or forklifts, welding equipment), portable engines that are moved about the site (e.g., pressure washers, welders), or portable engines that will not remain on the site more than 12 months (e.g., temporary generators).

| Equipment Description        | Emergency Use Only?<br>(Yes/No) <sup>1</sup> | Fuel Type   | Max. Heat Input/ Power Output | Manufacturer  | Manufactured Date or Model Year |

|                              |                                              |             |                               |               |                                 |

<sup>1</sup> Engines qualifying as "emergency" must meet the requirements of Condition L-6 in ACT 3 of the General Permit.

**COMPLIANCE PLAN**

As required by ACT 3, Condition L-7(3) of the General Permit, complete this section if you will have one or more **non-emergency** stationary internal combustion engines at your site.

| Equipment Description<br>(should match description from table above) | Applicable federal standard <sup>1</sup> |                                     | Emission Standards <sup>2</sup><br>(List all that apply) | Monitoring Requirements <sup>2</sup><br>(List any testing, continuous monitoring and recordkeeping required)                                                                                                 |
|----------------------------------------------------------------------|------------------------------------------|-------------------------------------|----------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                      | 40 CFR 60, Subpart IIII                  | 40 CFR 63, Subpart ZZZZ             |                                                          |                                                                                                                                                                                                              |

| N/A                                                                  | <input type="checkbox"/>                 | <input type="checkbox"/>            |                                                          |                                                                                                                                                                                                              |
|                                                                      | <input type="checkbox"/>                 | <input type="checkbox"/>            |                                                          |                                                                                                                                                                                                              |
|                                                                      | <input checked="" type="checkbox"/>      | <input type="checkbox"/>            |                                                          |                                                                                                                                                                                                              |

<sup>1</sup> Only mark one. If subject to 40 CFR 60, Subpart IIII, then you have no requirements under 40 CFR 63, Subpart ZZZZ per 40 CFR 63.6590(c)(1).

<sup>2</sup> EPA has developed a summary table of requirements for these rules at <https://www.epa.gov/stationary-engines/guidance-and-tools-implementing-stationary-engine-requirements>. For purposes of evaluating these requirements, your engine is considered a Non-Emergency Compression Ignition (CI) Internal Combustion Engine (ICE) located at an Area Source.
